

TEXAS PARKS AND WILDLIFE

HEAD 'EM UP.

MOVE 'EM OUT!

Round 'em up at a Texas State Park!

There are more than 120 state parks in Texas

Our state parks are rich in natural beauty and cultural history. Texas has 11 ecoregions with a wide variety of landscapes, from lush forests to rugged canyons and mountains. Many state parks feature spectacular lakes and rivers where you can go boating, fishing and swimming or just enjoy a relaxing float. Other parks offer wonderful trails for hiking, biking, birding and horseback riding.

Texas State Parks also include more than thirty state historic sites, each one revealing a fascinating glimpse back in time. Visit a frontier fort, see prehistoric rock art or climb aboard the only surviving U.S. battleship to have fought in both world wars. Many sites also offer tours, special events, re-enactments and living history presentations to bring Texas history alive.

When you stay at a Texas State Park you can always depend on friendly, knowledgeable staff and safe surroundings. And with more than 120 state parks in Texas, you can take a day trip from your campsite to explore another state park or state historic site in the area!
